

**CALL FOR EXPRESSIONS (EOI) FOR EMPANELLEMENT OF
“FABRICATION HOUSES/WORKSHOPS FOR METALLIC/NON-
METALLIC COMPONENTS”**

CSIR-CSIO is working on design & development of Avionics system for different aircraft platforms in India. CSIR-CSIO has vast expertise in the Avionics development for different applications in **Electronics, Optics, Mechanical**. In this regard, there is a requirement of different fabrications in these areas having glass, plastic, rubber, electronics-pcb, metallic, non-metallic material. In addition, there is a requirement of injection molding, foundry work, pattern making, forging etc for rubber, plastics, metallic and non metallic components having high accuracy and precision to meet the required technical specifications.

CSIR-CSIO is seeking Indian manufacturers/fabricators preferably in North side of the country (Desirable: Chandigarh Tri-city). having latest certifications e.g ISO/AS 9100 etc. Expression of interest (EOI) is invited from parties willing to manufacture, fabricate as per the above requirements.

Other terms and conditions will be mutually discussed after evaluating the response to EOI. CSIR-CSIO has the right to change/modify the requirements/ terms and conditions. The response should be mailed with in two weeks at harry.garg.csio@csir.res.in.
